

# Fallbrook Community Center *Friends* Helping Get the Word Out!

## EcoChoice<sup>SM</sup> is a Cool Choice

SDG&E's EcoChoice program gives customers the option to purchase up to 100% clean, renewable energy. The program may be a good option for those who rent or don't have the ability to adopt solar due to costs or the inability to put panels on their rooftop. With EcoChoice, there's no upfront installation cost and you're supporting clean, renewable energy in our community. Those who enroll will pay a small

premium every month depending on their subscription level. Customers can visit our [online calculator](#) to estimate how much it will cost each month to purchase renewable energy through the program. Customers can also enroll online. For more information, visit [sdge.com/ecochoice](http://sdge.com/ecochoice).

## Comfort You Can Count On!

Is your heating and A/C system getting quality care? Pay only \$50 to receive a System Assessment and Improvement (\$300 value) visit, after a \$250 rebate from SDG&E. A qualifying contractor will thoroughly inspect your system and equipment, change the air filter, and clean the condenser coil. The contractor will provide you with a detailed report

showing any additional maintenance or repairs you may need – along with more rebates to offset the costs. Find out if you qualify by calling A/C Quality Care at 800.289.2440 or visiting [www.acqualitycare.com](http://www.acqualitycare.com)
